Raising the profile

Another busy month at the service, with our service promotions in full swing so look out for our new flyers, posters and our also yellow BUS STOP signs along the shuttle bus routes.

Ezster has now left us as she is going overseas shortly to attend Cambridge University on a scholarship. She and will be much missed and helped bring SSCT into the modern era of communications by designing and installing our web site. Replacing her is Jaime, who has previously worked at a doctors surgery and in her spare time publishes her own magazine. Perhaps she can do something wonderful with our Community Transporter newsletter!

It is almost one year since South Sydney Community Transport merged with Central Sydney, its hard to believe as the time has passed by very quickly. We have started four new services that cover the ex Central area.

The Woolloomooloo Shuttle is going great guns and last month, over took the number of passenger trips taken on the Redfern shuttle. Aqua Shuttle and Walk-about Mondays have also been popular new services. The long awaited Glebe shopper also started last month. It is important to spread the word amongst your friends and neighbour's who live in the Glebe area that there is a new service that can help with the Grocery shopping. We also have vacancies in the Glebe area for the Individual Assisted Shopping service.

If you need promotional materials in your building or suburb give us a ring and we will send you out a package of information to display.
